PAINT FOR PEACE DAY – NOV 29TH

Pinkerton Primary School is inviting all parents to attend the annual paint for peace day on November 29th. The event will feature live music, fun games and international food stalls with cuisines from all over the world.

Children and parents are invited to paint a picture and bring it along for the annual art auction. All proceeds will go to our chosen charity, 'So they Can', who will be attending on the day. Bring your piggy banks because there is going to be some amazing art on sale!

KINDY SAVE THE WORLD

Our beloved kindergarten students are on a mission to save the world, by attracting more birds to the school through the planting of trees and flowers. Their mission is to attract 5 new species of bird to school.

CREATIVITY CLUB

Our new creativity club has begun and we invite all children to attend each and every lunchtime in the art room with Mrs. Spencer (12:30).

YOUR CHANCE TO BECOME AN AUTHOR

Grade 2 has started a new course from the Upschool website named, 'Write a Book to Change the World'. The course is free to all families and allows everyone to become a published author. How exciting!

INTERNATIONAL NEWS

One of the world’s largest volcanoes has started erupting in the centre of the Pacific Ocean. Mount Kinobula started letting off steam on the 21st of November and has since put on a spectacular show over the last few days, spewing millions of litres of hot lava.

There are no inhabitants on the volcanic island, but these spectacular photographs were captured by drone. The volcano is the most studied volcano on Earth and erupts every 100 years.

SPORT – THE WORLD CUP COMES TO SCHOOL

To raise money for our local charity, Rainforest Rescue, Pinkerton will be holding special viewings of the World Cup games over the next few weeks. Parents and families from the area are welcome to come to school and watch the games each morning and afternoon.

Snacks and tea will be served during the game and all of the proceeds will be donated to Rainforest Rescue, which helps restore rainforests in the Daintree Region of Australia. Starting on December 3rd, all are welcome.

OPINION – MEET THE PRINCIPAL

We spent some time getting to know more about our beloved principal, Mrs. Johnson, this week. We asked her questions about leadership, being a parent and what principals do on the weekend. This exclusive scoop will be released in next month’s edition – stay tuned.
