

LEARN ABOUT AND VIRTUALLY VISIT A WORLD PARK

01

As an individual or a class, find a park that you would like to learn about and virtually visit.

Find a Park that you would like to visit. Visit the website below to get started or feel free to find a park that's not on the list if you want!

<https://www.outsideonline.com/adventure-travel/national-parks/best-national-parks-world/>

02

Ensure you you can find a virtual tour resource for your park.

The link below are some options for virtual tours of parks. Feel free to search for your own resources for your park.

[US National Parks](#)

[AirPano - a searchable website of virutal journeys](#)

03

Research your park

Research your park so you understand the context of your visit. A good place to start is Wikipedia.org. Learn about the history, plants, animals, location, landmarks, recreation activities, and more! You can see an example [here](#). [Here](#) is a blank template.

04

Virtually Visit your Park

With some knowledge about your park, take your virtual tour. Explore the park and find some of the landmarks you discovered during your research. See if you can imagine yourself at the park through your computer screen.

05

Reflect on your Experience

Take a moment and think about how you engaged with this project. Did you enjoy it? What surprised you about your visit? Is this a place you'd like to go? Example completed template can be seen [here](#).

06

Optional: Plan a visit to a park near you!

There are many beautiful parks around the world. If you are near one, talk to your teacher or parents to plan a visit. Maybe go for a hike or have a picnic and read under a tree. Do some research beforehand using the skills we practiced here and enjoy!
